Kit Carson Commons Residences is an innovative initiative offered by Kentucky River Foothills Development Council, Inc. and its project partners to develop post-secondary educational opportunities for low-income single parents and their children, leading to educational success, employment and self-sufficiency. While parents are residing at Kit Carson Commons and attending school, supports are offered in housing, educational and economic support and referrals to childcare. Kentucky River Foothills Development Council, Inc. and its various project partners will provide the educational supports. Winterwood Property Management will provide the property management for the apartments. Services will be bundled, specific to each family's need, to support their journey to self-sufficiency. We look forward to partnering with you on your path to your hopes and dreams!
